## **Community-Based Alliance Endorses Candidates Running for Fort Bragg City Council**

**Fort Bragg, CA** – The Alliance for a Better Fort Bragg (AFABFB) announced today that they are holding a free reception to learn more about the mission of AFABFB and the need to strengthen the community and economic growth.

The reception will also include an opportunity to meet candidates that have been endorsed by the community-based alliance that are running for election on the Fort Bragg City Council.

Those candidates include:

- Ryan Bushnell
